

Saratoga Antimuffa – Anti-mould

Saratoga Antimuffa – Anti-mould is a liquid that fights energetically against the creation of moulds, algae, mosses and lichens.

APPLICATION FIELDS

Saratoga Antimuffa – Anti-mould is suitable for every kind of wall and joint, for interiors and exteriors: it is ideal for kitchen walls, bathrooms, showers, saunas, garages, boiler rooms, laundries and cotto tile vases. It has a pleasant scent.

APPLICATION AND INSTRUCTIONS

- Detach safety seal put on cap.
 - Unscrew and, at the same time, press down the cap.
 - Tighten strongly the trigger on the bottle.
 - Vaporize mouldy surfaces.
 - After 20-25 minutes remove residues with water.
 - If necessary, repeat the procedure.
 - After use, unscrew and wash the trigger, then tighten strongly the cap.
- Do not spray on plants, cloths, metals and wood; in case, wash with water.
