

Saratoga Acrylic Happy Color

Saratoga Acrylic Happy Color is an acrylic varnish spray that dries quickly.

Acrylic varnish ideal for diyers but also for professional users. Excellent adhesion properties and suitable for varnishing a lot of surfaces, such as: wood, metal, glass, ceramic, plaster and masonite.

High covering, long-lasting, sunlight resistant, lead-free and free from chlorofluorocarbons. Can be painted.

APPLICATION FIELDS

Saratoga Acrylic Happy Color is especially indicated for varnishing doors, chairs, furniture, frames, ornaments, radiators, wheel rims and a lot of other objects.

APPLICATION

- All surfaces must be dust free, clean, dry and degreased.
- Shake can for a long time, until hearing for a minute the sound of the marbles inside the can.
- Keeping the can 30 cm from the surface to treat, apply with slight coats. For a better result, cross horizontal coats with vertical ones.
- With self-cleaning valve.

For a better result, sand the part to treat with thin sandpaper (wet n° 400)

Clean varnish with Acetone and/or Nitro Diluent.

It is recommended to use the can at 20°C or bringing its temperature to 20°C before applying.

With childproof patented safety cap and colour reference token on cap.

Specific data		
Appearance		Can containing liquid under pressure
Density at 20°C	g/ml	0,75-0,8
Yield	mq	1,5-2
Temperature resistance	°C	120
Coats needed:		1 in internals
		2-3 in externals
Skin formation time	minutes	10
Tack free	minutes*	15-20
Deeply dry	minutes*	45
Fully dry	hours*	24

*according to humidity and application temperature.
