

Saratoga GreenHome Hygenic Repellant

Saratoga GreenHome Hygenic Repellant for Cats and Dogs changes the hygienic habits of cats and dogs in a short period of time, keeping them away from areas not suitable for their needs. Saratoga GreenHome Hygenic Repellant for cats and dogs is made with a vegetable-substances base. It is harmless and it does not use propellant gases.

APPLICATION FIELDS

Saratoga GreenHome Hygenic Repellant for Cats and Dogs eliminates the dirtying and undesirable odors in domestic and exterior environments such as: balconies, terraces, garages, cellars, gardens, alleys, barrier walls, sidewalks, railings, street lamps and tire rims.

APPLICATION

- Shake before using.
- Spray uniformly on the surfaces to be protected.
- Repeat the treatment if animals return to the area.
- For exterior surfaces repeat the treatment after every rainstorm or washout.
- If sprayed on textiles, test their resistance in advance on a small hidden corner.
