

Saratoga Happy Color Stucco

Saratoga Happy Color Stucco is a solvent based primer filler- plaster spray.

APPLICATION FIELDS

Saratoga Happy Color Stucco quickly covers small scratches, prepares surfaces for varnish. Adheres to any material, except non-stick ones, and can be used as a wood filler or base coat on wood (it should not be worked or milled).

It is suitable for car and heavy transport bodies, ships and on all varnished or enameled surfaces in general.

APPLICATION

- Apply on clean surfaces.
- Cover areas that won't be plastered.
- Shake energetically, until hearing for a minute the sound of the marbles inside the can.
- Spray at 30 cm distance.
- For deep scratches apply several coats, waiting about 30 minutes between one coat and another.
- The product can be sandpapered after 24 hours.

The product is not suitable for scratches deeper than 0.8 mm or for large hollows.
Clean varnish with Acetone and/or Nitro Diluent. With self-cleaning valve.

STORAGE AND SHELF LIFE

In unopened original packaging, between +20 and +25°C.

Specific data		
Appearance		Can containing under pressure liquid
Colour		White
Density at 20°C	g/ml	about 0,78
